

BAYHAN DEMİR ÇELİK İÇ VE DIŞ TİC. LTD. ŞTİ.

Our company established in April 2019 and we made in this year 2.8 million USD export to Middle East and African Countries in 8 months.

We are located at Hatay which we have %40 of Turkish Iron & Steel Material production in this region and as location we are at the nearest point for Middle East and African Countries for Shipping.

In 2020 we are starting production of many types of Wires , Nails , screws and nuts.

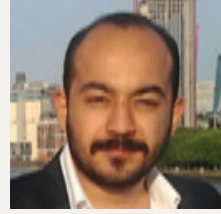

We are very well connected with the Iron & Steel Companies all around the world.

As a young company we have knowledge , we have passion , we always have time for our partners.

We will be happy to meet with our partners for future in this organisation.
